SUMMARY

I am a passionate and dedicated web developer focused on continuous learning and growth in the dynamic field of web development, with a primary focus on frontend and backend technologies. I am currently working on **Laravel, React, Javascript, Node.js, Express, PHP, CI3, and SQL (MySQL, PostgreSQL)** databases. I am enthusiastic about creating scalable and efficient solutions to enhance web applications. Additionally, I have considerable experience in **project management** and **software engineering**.

TECHNICAL SKILLS

Web Development Intermediate	Frontend & Backend Intermediate	Project Management
HTML5, CSS3 & JS Advanced	React Intermediate	SDLC Intermediate
NodeJS, Express Intermediate	MySQL & PostgreSQL Intermediate	Automation Testing
PHP Advanced	Linux SysAdmin Intermediate	UI/UX Figma
CI & Laravel Intermediate	CI/CD Intermediate	Ms. Office (Word, Excel, PPT)

PROFESSIONAL EXPERIENCE

Junior Web Developer, Digitalent   **Jul 2024 - Aug 2024**

- Developed a simple web-based travel booking system using PHP Native and MariaDB.
- Created responsive front-end designs with Bootstrap and JQuery, also implemented web responsive for mobile devices.
- Figma prototypes into functional web components, ensuring seamless integration with back-end systems.

React & Backend Developer, SIB Dicoding   **Feb 2024 - Jun 2024**

- Developed a web platform for land rental, managing both frontend and backend components, utilizing React for frontend library and Express for server-side functionality.
- Designed and implemented an admin dashboard, enhancing lands management and user control.
- Collaborated with the React frontend team to ensure seamless integration and consistency, handled backend API development with Express and MySQL, and deployed the platform on Google Cloud Platform (GCP).

Cloud Engineer Student, Bangkit Academy led by Google, Tokopedia,   **Aug 2023 - Jan 2024**
Gojek & Traveloka

- Developed the backend API for NusaLingo, a local language learning and speech recognition app, using Express and MySQL.
- Architected cloud infrastructure with Google Cloud Platform, deploying services with App Engine and Cloud Run, and managing storage with Google Cloud Storage buckets.

Backend Web Developer, Freelance Team   **Feb 2023 - Jul 2024**

- Designed and developed backend API solutions for clients using CodeIgniter, Laravel, and Express.
- Architected and optimized relational databases with MySQL and PostgreSQL to ensure efficient data management
- Collaborated closely with the frontend team to deliver seamless and integrated web applications.

EDUCATION

Bachelor of Computer Science (GPA 3.80/4.00)   **Sept 2021 - Present**
STMIK Rosma Karawang

- Major in Informatics Engineering.

Software Engineering Vocational School   **Jul 2018 - Jun 2021**
SMKN 1 Karawang (2nd Ranked Graduate)

ADDITIONAL INFORMATION

- **Languages:** Indonesia and English.
- **Certifications:** Google IT Support (Coursera), Google Project Management: Specialization (Coursera), Certificate Of Competency - Software Engineering, Google Cloud Skill Boost Badges, and **others.**
- **Organizations:** Informatics Engineering Student Association (President), Student Council (Head of Section)
- **Awards/Activities:** React & Backend Developer (Distinction Graduate)
